

**BELT TRAY +  
TENSION BELT RETRACTOR**

Tidy on the move

## Perfectly secured, neat and tidy

### 1 Belt tray for transporter

Time for tidiness in the cargo bay! Simply attach to the lashing rail, that's it! With the belt tray open, you can quickly access your well stored belts. Suitable for 3 belts (35 mm wide, up to 6000 mm long) and 3 ratchets.

**Design:**

**Dimensions** 535 x 155 x 150 mm

**Weight** Total 0.73 kg

**Material** Black polymer HD-PE

**Accessories** 2 x screw fitting with star handle

### 2 Tension belt retractor

No more knots and chaotic tangles in the belts. The loose belt is inserted in the groove of the winder and is rolled up cleanly and tidily in only a few seconds. This goes easy on the belt and keeps it in a good functional condition for longer.

**Design:**

**Weight** Total 0.89 kg

**Material** Black polymer HD-PE

4-piece comprising:

- Manual crank
- Axis for belts up to 8 m long and 50 mm wide (standard)
- Stop disc with hook
- Base plate (without attachment material)

### 3 Threaded rod holder

With the clever tube-in-tube system you have a good, tidy overview and always have the right threaded rod on hand. Simple attachment using consoles already welded in place.

**Design:**

**Dimensions** 750 mm

**Tube diameter** Outer tube: Ø 125 mm  
inner tubes 2 x Ø 50 mm,  
1 x Ø 63 mm

**Weight** 2.30 kg
