Coupling cabinet type 19

Size (width x depth x height)

920 x 460 x 920 mm

Material

Polyethylene plastic (HD-PE), black

Weight

15.10 kg

Execution

The doors are riveted to the box with 4 hinges each. The hinges and rivets are made from stainless steel (V2A) and the closing angles are made from aluminium.

The doors also have a circumferential EPDM seal.

The lock is protected from the elements by means of a cap.

The accessories give an overview of all couplings and flanges.

Closing systems
