

## Strength through flexibility:

When it comes to producing mudguard parts, the advantages of the vacuum moulding process combined with the special characteristics of PE are highlighted

- Exceptional dimensional stability
- Lightweight
- Smooth surface
- Precise fitting of individual parts
- No loss of quality during storage and assembly (no priming or repainting)

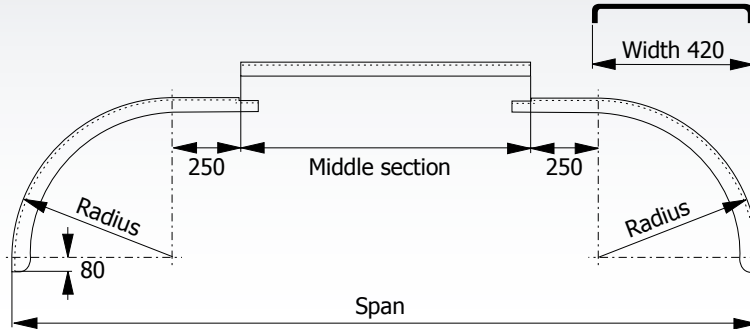

We provide standard and tried-and-tested solutions together with all the necessary accessories for a fast and trouble-free assembly of 3-axle units.

In addition, we are happy to develop special solutions that are as individual as your requirements, based on your personal wishes or drawings.

Many years of know-how make us a treasured development partner in this field.

ROWEKO customised solutions

## Multi-axle mudguard for 3-axle unit

### Size (width x depth x height)

Span length (standard):  
3-axle unit = 4,250 mm

Central part = variable  
Radius of curved sections: 700 mm  
Width: 420 mm

### Material

Polyethylene plastic (HD-PE), black

### Execution

- 2 curved sections and 1 central part, unmounted, predrilled and milled for assembly
- Assembly accessories, 14 VA rivets and 28 washers

Article	Weight [kg]	Part no.	Price [€]
<b>Complete mudguard for 3-axle unit</b>	9.90	<b>350 10 100</b>	

### Spare parts

Article	Weight [kg]	Part no.	Price [€]
<b>Central part = 2,350 m (standard)</b> Other lengths on request	4.70	<b>456 10 000</b>	
<b>Radius of curved section = 700 mm</b>	2.50	<b>455 10 000</b>	

## 1 Mounting for mudguard

### Size

Extension length of 360 mm, adjustable range of 190 mm for radii of 650 - 700 mm

### Material

Black polyamide plastic (PA) + GRP

### Execution

- 3-part continuously variable mounting:
  - 2 arches with clamp for tube with Ø of 42 mm and fastening material
  - 1 tube (glass fibre reinforced plastic), Ø of 42 mm, length of 580 mm or 750 mm
  - 1 mounting for chassis
  - End cap for GRP tube, Ø of 42 mm

Article	Weight [kg]	Part no.	Price [€]
<b>Complete mounting, length of 580 mm</b>	1.20	<b>350 00 580</b>	
<b>Complete mounting, length of 750 mm</b>	1.30	<b>350 00 750</b>	

### Spare parts

Article	Weight [kg]	Part no.	Price [€]
<b>Variable arch</b>	0.21	<b>350 99 001</b>	
<b>GRP tube</b>			
Ø of 42 mm, length of 580 mm	0.43	<b>350 99 002</b>
