

ROWEKO

KUNSTSTOFFVERARBEITUNG

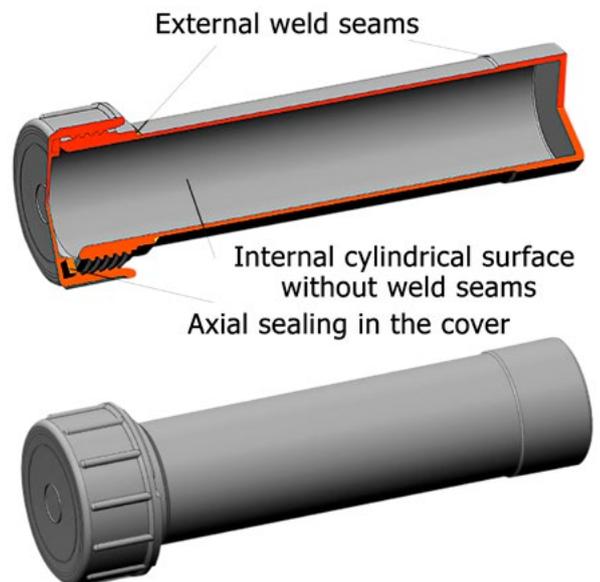

For the secure, weatherproof storage of cargo documents.

The document rolls are available in diameters ranging from 40 to 125 mm. Two types of locks are available: a lockable door or a screw cover. The tube reaches the door at each type of document roll. As a result, there is no barrier caused by an interior seam in the tube. Individual sheets of paper can be easily removed, even with small diameters.

Matching fastening clips or consoles are available as accessories.

Files and folders can be stored in the document boxes.

Document roll with fixed cover with hinges

Size

Tube: Ø 70 x 1.9 x 330 mm

Lid: Ø 100 mm

Tube: Ø 90 x 2.2 x 330 mm

Lid: Ø 120 mm

Material

HD-PE black

Execution

The flange and end cap are welded to the tube. The lid is riveted to the flange with a VA hinge and is locked with a wing knob (standard).

1 key is included.

Article	Weight [kg]	Art. No.	Price [€]
Document roll Ø 75 mm
