

Threaded-rod holder

Size

Tube-Ø 125 x 3.1 x 750 mm

Material

HD-PE black

Execution

The threaded-rod holder is suitable for the secure storage of rods of all types (e.g. threaded rods). The inner apportionment (1 x tube Ø 63 mm / 2 x tube Ø 50 mm) makes it possible to sort or pick the various rods needed in advance. 2 consoles are welded onto the tube as standard and these make it easy to mount the tube onto wall units.

1 Tube clip

Size

Hole distance: 170 mm

Exterior dimensions: 190 mm x 165 mm (width x height)

Material

HD-PE black, t=15 mm

Bores suitable for M6 screws.

| Article | Weight [kg] | Art. No. | Price [€] |
|--|-------------|------------|-----------|
| Threaded-rod holder with partition (1 x Ø 63 mm / 2 x Ø 50 mm) | 2.30 | 601 25 750 | |
| Threaded-rod holder without partition | 1.40 | 601 25 759 | |

Threaded rods are not included in the scope of delivery.
