

1

Tube containers for gauges

Size

Tube: Ø 125 mm, Thickness: 3,1 mm

End cap: 150 x 150 x 33 mm

Material

HD-PE black

Execution

The lid with flange and the end piece with tube are welded from the outside. The tube is slotted for use of a latch. The locking lever is not lockable.

2 triangular loops are riveted to the flange and end piece in a triangular form so that a shoulder strap (not included in the scope of delivery) can be attached.

1 Handle

Material

HD-PE black, welded to the middle of the tube
