

Transportation tubes for Joloda rollers

Material

HD-PE black

Execution

Flange and end piece attached to the tube with VA rivets. The flange is riveted from inside to outside. The flange has a reinforced closing angle. The lid has a Roweko logo (lasered) and is riveted to the flange with a VA hinge. This is sealed with a security rotary bolt (standard: double bit). The latch is extended. 2 plastic keys are supplied.

1 Chassis braket – round

2-piece, comprising an M10 stainless steel A2 tube bracket with 65 mm thread, incl. lock nut and U washer, black HD-PE base plate with tube contour and bores

A-Ø x wall [mm]	Weight [kg]	Tube length [mm]	Art. No.	Price [€]
