## Coupling cabinet

### Size (width x depth x height)

920 x 460 x 920 mm

### Material

HD-PE black

### Weight

15.70 kg

### Execution

The doors are riveted to the box with 4 hinges each. The hinges and rivets are made from stainless steel (V2A) and the closing angles are made from aluminium. The doors also have a circumferential EPDM seal.

The lock is protected from the elements by means of a cap.

The accessories give an overview of all couplings and flanges.

### Closing systems
